

## Meet Our Emcee: Siobhain Anders

Meteorologist Siobhain Anders comes to News 4 San Antonio and Fox 29 with long-time ties to San Antonio and an intimate understanding of the complex weather unique to South Texas.

She was born and raised right here in San Antonio, and as a fifth generation Texan she loves to use the phrase "Ya'll".

A graduate of Alamo Heights High School, she earned her B.A. in Journalism from Trinity University. She then moved on to Mississippi State University where Siobhain's long, hard hours of studying paid off when she earned a degree in Broadcast Meteorology.

If Siobhain looks familiar, there's a good reason. She's worked at several television stations from the Rio Grande Valley to San Antonio, making her mark with precision forecasts.

Siobhain's first love is weather, but her second love is getting creative! She joined the SA Living show in April 2019 as the Creative living contributor. She loves repurposing the old and finding unique treasures. She has 2 retail stores called Shopping With Siobhain. They are located in Comfort and Rockport Texas. She also has an Etsy store online.

Siobhain's family has lived in Texas for five generations! She passed her trademark red hair onto her two daughters, and now her family is nicknamed "Red Head Central."

In her spare time, Siobhain is a realtor and runs her father's flooring business, Carpet City. The family loves to ride horses together, dance and swim. Siobhain is a competitive ballroom dancer and trap and skeet shooter. The redheads also love to travel and are looking forward to many great vacations in the future.

Siobhain's motto in life is "life is short, live it to the fullest!"
